## **INDEPENDENT AUDITOR'S REPORT**

To the Members of TICBF Limited (incorporated in Hong Kong with liability limited by guarantee)

We have audited the financial statements of TICBF Limited (the "Company") set out on pages 5 to 16, which comprise the statement of financial position as at 30th June, 2015, the statement of profit or loss and other comprehensive income, the statement of changes in accumulated fund and the statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

# Directors' responsibility for the financial statements

The directors of the Company are responsible for the preparation of these financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

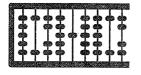

#### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. Our report is made solely to you, as a body, in accordance with Section 405 of the Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and true and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# NOTES TO THE FINANCIAL STATEMENTS

#### FOR THE YEAR ENDED 30TH JUNE, 2015

#### 1. CORPORATE INFORMATION

The Company was incorporated in Hong Kong with liability limited by guarantee under the Hong Kong Companies Ordinance. The address of its registered office and principal place of business is Rooms 1706-1709, Fortress Tower, 250 King's Road, North Point, Hong Kong. The principal activity of the Company is to establish, maintain and operate a central bonding scheme for all the member-agencies of constituent member-associations of the Travel Industry Council of Hong Kong.

The financial statements are presented in Hong Kong dollars, which is also the functional currency of the Company.

# 2. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### a. Basis of preparation

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which also include Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. The financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with HKFRSs requires the use of accounting estimates. It also requires management to exercise its judgement in the process of applying the accounting policies.

#### b. Income recognition

Income is recognised when it is probable that the economic benefits will flow to the Company and when the revenue can be measured reliably.

Dividend income is recognised when the Company's rights to receive payment have been established.

Bank interest income is accrued on a time proportion basis, taking into account the principal amounts outstanding and the interest rates applicable.

#### NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

#### FOR THE YEAR ENDED 30TH JUNE, 2015

## 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### c. Income tax

Income tax represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable surplus for the year. Taxable surplus differs from surplus reported in the statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, if the deferred tax arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable surplus or loss, it is not accounted for. Deferred income tax is determined using tax rates that have been enacted or substantively enacted at the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised to the extent that it is probable that future taxable surplus will be available against which the temporary differences can be utilised.

#### d. Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

#### e. Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably. A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as a provision.

A contingent asset is a possible asset that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Company. A contingent asset is not recognised but is disclosed in the notes to the financial statements when an inflow of economic benefits is probable. When inflow is virtually certain, an asset is recognised.

#### NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

#### FOR THE YEAR ENDED 30TH JUNE, 2015

## 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### f. Current assets and liabilities

Current assets are expected to be realised within 12 months of the end of the reporting period or in the normal course of the Company's operating cycle. Current liabilities are expected to be settled within 12 months of the end of the reporting period or in the normal course of the Company's operating cycle.

#### g. Financial instruments

Financial assets and financial liabilities are recongised on the statement of financial position when an entity becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

#### Financial assets

The Company's financial assets are classified into available-for-sale financial assets. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. The accounting policies adopted in respect of the financial assets are set out below.

#### Available-for-sale financial assets

A gain or loss on an available-for-sale financial asset shall be recognised directly in equity, through the statement of changes in accumulated fund, until the financial asset is derecognised, at which time the cumulative gain or loss previously recognised in equity shall be recognised in the statement of comprehensive income. When a decline in the fair value of an available-for-sale financial asset has been recognised directly in equity and there is objective evidence that the asset is impaired, the cumulative loss that had been recognised directly in equity shall be removed from equity and recognised in the statement of comprehensive income even though the financial asset has not been derecognised. The amount of the cumulative loss that is removed from equity and recognised in the statement of comprehensive income shall be the difference between the acquisition cost and current fair value, less any impairment loss on that financial asset previously recognised in the statement of comprehensive income. Impairment losses recognised in the statement of comprehensive income for an investment in an equity instrument classified as available-for-sale shall not be reversed through the statement of comprehensive income.

#### Financial liabilities and equity

Financial liabilities and equity instruments issued by an entity are classified according to the substance of the contractual arrangement entered into and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. The Company's financial liabilities (including accounts payable and accruals) are subsequently measured at amortised cost, using the effective interest method.

#### FOR THE YEAR ENDED 30TH JUNE, 2015

## 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### h. Cash and cash equivalents

Cash and cash equivalents include cash at bank and in hand, time deposits with banks and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts.

#### 3. FINANCIAL RISK MANAGEMENT

# Financial instruments

The principal financial assets of the Company are investment in securities, fixed deposits, cash and bank balances. The principal financial liabilities of the Company are accounts payable and accruals. The Company did not hold nor issue any financial instruments for trading purposes or any positions in derivative contracts during the year ended 30th June 2015.

## a. Foreign currency risk

Substantially all the revenue-generating activities of the Company were transacted in Hong Kong dollars during the year ended 30th June 2015, which is the functional and presentation currency of the Company. The Company therefore does not have significant foreign exchange risk.

# b. Credit risk

Credit risk is the risk that a counterparty will be unable to pay amounts in full when due. As at 30th June 2015, the Company has no significant concentration of credit risk.

# c. Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The Company is subject to the risk due to fluctuation in the prevailing levels of market interest rates on its cash and bank balances.

The interest rate risk exposure of the Company is set out below:

	<u>2015</u> HK\$	<u>2014</u> HK\$
Time deposits	16,433,412	17,094,694
	Percentage per annum	Percentage per annum
Effective interest rate of time deposits	0.43%-0.90%	0.8% - 1.3%

## NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

# FOR THE YEAR ENDED 30TH JUNE, 2015

# 3. FINANCIAL RISK MANAGEMENT (CONTINUED)

# d. Liquidity risk

The Company is exposed to minimal liquidity risk as the Company closely monitors its cash flow position.

The maturity profile of the Company's financial liabilities at the reporting date, based on the contracted undiscounted payments, is as follows:

The Company provided subsidies of \$200,000 to each of the eight association members of the Travel Industry Council of Hong Kong. These subsidies were intended to support the association members in organising for their members activities that are in line with three objectives of the Company as specified in paragraphs (e), (h), and (q) of the third clause of the Memorandum of Association of the Company.

#### NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

#### FOR THE YEAR ENDED 30TH JUNE, 2015

#### 8. TAXATION

Hong Kong Profits Tax has not been provided as the Company has no assessable surplus for the year.

Deferred tax assets have not been recognised in respect of these losses that have been loss-making for some time and it is not considered probable that taxable surplus will be available against which the tax losses can be utilised.

#### 9. ACCUMULATED FUND

The Company is limited by guarantee and does not have a share capital.

## 10. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of bank deposits, cash on hand and balance with banks. Cash and cash equivalents at the end of the reporting period as shown in the statement of cash flows can be reconciled to the amounts in the statement of financial position as follows:

	<u>2015</u> HK\$	<u>2014</u> HK\$
Fixed deposits	16,433,412	17,094,694

# 11. DIRECTORS' BENEFIT AND INTEREST

Remuneration of the directors of the Company disclosed pursuant to section 383(1) of the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation is as follows:

- a. There were no directors' emoluments paid for their services to the Company during the year (2014: Nil).
- b. There were no directors' retirement, termination benefits paid during the year (2014: Nil).
- c. There were no loans, quasi loans and other dealings in favour of directors, their controlled bodies corporate and their connected entities made during the year (2014: Nil).

#### 12. RELATED PARTY TRANSACTIONS

During the year, the Company had no transactions with its related parties.

# NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

#### FOR THE YEAR ENDED 30TH JUNE, 2015

## 13. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with HKFRSs requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.
