50th HATA Annual Overseas Convention Congratulatory Message from Ms Ann Chan, JP Commissioner for Tourism

It gives me great pleasure to extend my warmest congratulations to the Hong Kong Association of Travel Agents (HATA) on the momentous occasion of its 50th Annual Overseas Convention. Reaching this golden milestone is a testament to the convention's enduring influence in advancing Hong Kong's travel sector and strengthening cross-border tourism collaboration.

This year's theme, AI Trends in Travel, could not be more timely. It captures the transformative technological shifts reshaping our industry, highlighting the abundant opportunities emerging for Hong Kong as we continue to fortify our position as a premier international tourism hub.

The convention's focus on AI and smart technology lies at the very heart of Hong Kong's tourism evolution. As big data, digital platforms, and artificial intelligence revolutionise the global travel landscape, these innovative tools are streamlining trip planning, delivering highly accessible travel information, and enriching the overall visitor experience. Today's travellers can explore local cultures and destinations with greater depth and convenience than ever before.

Hong Kong is wholeheartedly embracing this digital transformation to deliver smart, high-quality, and customer-centric tourism services. During peak travel seasons, major attractions now share real-time wait times and crowd data with the Hong Kong Tourism Board, enabling instant updates on the official "Discover Hong Kong" platform. Furthermore, we are developing AI-powered, personalised itinerary planning features and partnering with map service providers to integrate rich tourism data into a dedicated Hong Kong travel map. This intelligent system offers tailored suggestions for scenic spots, cultural events, local dining, and exclusive promotions, empowering visitors to craft unique travel plans easily that reflect their personal preferences.

HATA's unfailing leadership and profound industry expertise are instrumental in translating these forward-looking strategies into market-ready, high-quality travel products and bespoke itineraries. Leveraging Hong Kong's unique institutional advantages and enhanced cross-boundary connectivity underpinned by our country's unwavering policy support, our travel industry is exceptionally well-positioned to attract diverse visitor groups from around the world. These efforts will enable us to broaden our source markets, extend visitor stays, and foster deeper, more immersive cultural engagement with our city.

Against this backdrop of technological advancement and industry upgrading, I encourage HATA and all tourism stakeholders to continue leading the charge in product innovation and service excellence. We shall seize this transformative momentum to elevate the quality of Hong Kong's tourism offerings, refine our professionalism, and strengthen our city's brand as a world-class, multifaceted destination. Through these collective efforts, we will sustain Hong Kong's competitiveness and dynamism, further cementing our reputation as an iconic and captivating international travel metropolis.

I wish the HATA 50th Annual Overseas Convention every success, and I am confident that this golden milestone will ignite the bold ideas and collaborative spirit needed to propel Hong Kong's tourism industry into an even brighter, smarter future.

Ms Ann Chan, JP
Commissioner for Tourism

50th HATA Annual Overseas Convention Congratulatory Message from Dr. Peter Lam, GBM, GBS Chairman, Hong Kong Tourism Board

On behalf of the Hong Kong Tourism Board (HKTB), I extend my warmest congratulations to the Hong Kong Association of Travel Agents (HATA) on its 50th Annual Overseas Convention in Manila. This milestone reflects HATA's steadfast commitment to advancing the travel trade and fostering regional collaboration, a journey HKTB is privileged to share as a long-standing partner.

The theme of this year's convention, "AI Trends in Travel", captures a transformative shift in our industry. Artificial intelligence and smart technologies are reshaping the way people plan and experience travel. As Hong Kong embraces this trend, our strength lies in pairing smart technology with the renowned hospitality and service excellence that define our city.

While travel becomes increasingly digital, the human touch remains essential. Technology enhances convenience and personalisation, but genuine hospitality creates memorable experiences and meaningful connections that keep visitors coming back.

Our trade partners are valued collaborators in this evolution. Let us join hands to explore new ways that make travel smarter, more seamless and more personalised, while continuing to uphold the warmth, care and professionalism that travellers value most. Together, we can reinforce Hong Kong's position as Asia's premier travel hub.

I trust that this convention will spark new ideas and meaningful partnerships that benefit the travel industry in Hong Kong, the Philippines, and beyond. I wish all delegates a successful, inspiring and fruitful event.

Dr. Peter Lam Kin-ngok, GBM, GBS
Chairman
Hong Kong Tourism Board

50th HATA Annual Overseas Convention
Congratulatory Message from Hon. Vivian Kong SBS, MH
Member of the Legislative Council of
Hong Kong SAR for Tourism Constituency

It is my great pleasure to extend my warmest congratulations to the Hong Kong Association of Travel Agents (HATA) on your 50th Annual Overseas Convention, held in Manila, Philippines.

This landmark convention represents an important milestone for HATA and reflects its long-standing commitment to fostering professionalism, collaboration and innovation within Hong Kong's travel industry. The timely theme, "AI Trends in Travel", provides an excellent platform for industry leaders to explore how emerging technologies can enhance service quality, strengthen operational efficiency and create more personalized travel experiences. Artificial intelligence is reshaping our travel experience and as the industry embraces these advances, it is equally important to uphold the human touch, professional standards and trust that remain at the heart of quality travel services.

Under the direction of the 15th Five-Year Plan, tourism is expected to play an increasingly strategic role in stimulating consumption, supporting employment, advancing cultural exchange and strengthening international connectivity. Hong Kong contributes to this vision as an international tourism hub, an East-meets-West centre for cultural exchange, and a core demonstration zone for multi-destination tourism. With our international connectivity and distinctive advantages under "One Country, Two Systems", Hong Kong serves as an important bridge between the Mainland and the world. By strengthening cooperation with ASEAN and neighbouring markets, enhancing air and intermodal connectivity, and developing richer multi-destination travel products, our tourism sector can create new value for visitors and new opportunities for the trade.

Manila provides an ideal setting for this meaningful exchange. The Philippines and Hong Kong enjoy close people-to-people ties and I am confident that the Convention will inspire fresh ideas, deepen connections among industry stakeholders and encourage the industry to harness innovation in delivering higher-quality, more seamless and memorable travel experiences.

I wish the 50th HATA Annual Overseas Convention every success and all participants a productive, rewarding and memorable stay in Manila.

Hon. Vivian Kong SBS, MH
Member of the Legislative Council of Hong Kong SAR for Tourism Constituency

50th HATA Annual Overseas Convention
Congratulatory Message from Mr Kevin Lam, JP
Chairperson of Travel Industry Authority

On behalf of the Travel Industry Authority (TIA), it is my distinct honour to extend our heartiest congratulations to the Hong Kong Association of Travel Agents (HATA) on the momentous occasion of its 50th Annual Overseas Convention in Manila.

Over the past fifty years, HATA has stood as a cornerstone of Hong Kong's travel trade, consistently advancing professional excellence, elevating service standards, and fostering strong cross-border partnerships. It is therefore most fitting that this landmark 50th Annual Overseas Convention is being held in Manila, a vibrant city renowned for its rich cultural heritage and warm hospitality.

The theme of this year's Convention, "AI Trends in Travel," aligns perfectly with the demands of a modern travel ecosystem. As digital transformation continues to reshape global tourism, embracing artificial intelligence is essential for driving innovation, enhancing operational agility, and enriching customer experiences. HATA's focus on this frontier highlights the visionary leadership required to navigate today's fast-evolving landscape.

TIA remains deeply committed to collaborating with HATA and key trade stakeholders across Chinese Mainland and overseas. Together, we strive to promote high regulatory and professional standards, drive sustainable industry growth, and empower travel agents to capitalise on emerging opportunities in an increasingly interconnected world.

I wish the 50th Annual Overseas Convention every success. May this milestone event inspire meaningful discussions, foster strategic synergies, and pave the way for a vibrant, technology-empowered future for our industry.

Mr Kevin Lam, JP
Chairperson of Travel Industry Authority

50th HATA Annual Overseas Convention
Congratulatory Message from Mr Tommy TAM
Chairman of the Travel Industry Council of Hong Kong

It is my great pleasure to congratulate the Hong Kong Association of Travel Agents (HATA) on behalf of the Travel Industry Council of Hong Kong on its 50th Annual Overseas Convention, and to extend a hearty welcome to all participants.

Marking its golden jubilee, HATA has played an important role in fostering collaboration within the travel industry. This year's Convention convenes in Manila, Philippines — a prominent regional hub distinguished by its rich cultural tapestry, modern hospitality, and unique eco-cultural offerings. Manila's key position as a pivotal gateway in Southeast Asia underscores the immense strategic potential for regional travel synergy and enhanced connectivity. Hong Kong will continue to proactively leverage the advantages of multi-destination tourism to attract international visitors to explore surrounding destinations via Hong Kong, consolidating our role as a primary gateway and premier hub connecting the Mainland and neighbouring regions with international markets.

Amid the rapid evolution of global travel, the Convention's theme, "AI Trends in Travel", is both visionary and timely. In line with the National 15th Five-Year Plan's focus on technological empowerment, integrating AI and digital solutions will enable the trade to enhance service standards, streamline operations, and capitalise on new market opportunities to propel tourism development. Serving as an ideal platform, the Convention brings together HATA members and industry professionals to exchange strategic insights, explore emerging business opportunities, and chart resilient growth in an evolving global landscape. I am confident that all of you will gain valuable and inspiring insights from this landmark event.

As a federation of trade associations, the TIC remains an essential bridge between the HKSAR Government and the travel trade. We will continue to work hand in hand with our partners to reinvigorate the travel industry sustainably, paving the way for an innovative and dynamic future.

On this landmark 50th anniversary, I wish the Convention resounding success, and all attendees an inspiring, insightful, and memorable experience in Manila.

Mr Tommy TAM
Chairman
Travel Industry Council of Hong Kong

50th HATA Annual Overseas Convention
Welcome Message from Mr James Tung
Chairman of the Hong Kong Association of Travel Agents

Dear Delegates, Honored Guests, Industry Colleagues, and Future Tourism Leaders,

Maligayang pagdating sa Maynila at Mabuhay!

It is my distinct honor and pleasure to extend a warm welcome to each of you in vibrant Manila for the landmark **50th Hong Kong Association of Travel Agents (HATA) Overseas Convention.**

Celebrating a Golden Milestone

While HATA has proudly served as the bedrock of our local travel trade since our founding in 1957, reaching the 50th edition of our overseas convention is an extraordinary milestone. It stands as a powerful testament to our association's enduring legacy, resilience, and commitment to bridging Hong Kong's travel community with global partners. Gathering in the Philippines—a nation renowned worldwide for its iconic warmth and hospitality – makes celebrating this golden jubilee even more meaningful.

Shaping the Future: AI in Travel

This year, our agenda focuses on one of the most transformative forces shaping our industry: **AI Trends in Travel.** To lead these crucial conversations, we are privileged to feature an esteemed lineup of speakers, bringing together leading professionals from successful tourism organizations alongside distinguished academics in tourism disciplines. Their combined insights will provide a holistic look at how emerging technology is redefining customer experiences, operations, and the future of global travel.

Fostering Business Connections & Nurturing Talent

Beyond thought leadership, our convention continues to serve as a vital platform for active business matching. We are proud to bring key Hong Kong attractions directly to Manila to engage with the local Filipino outbound travel trade. And at the same time, we welcome our Hong Kong outbound agents, providing them with a hands-on opportunity to rediscover the Philippines as a refreshed, dynamic destination and create new travel offerings.

Crucially, we are also delighted to welcome tourism students from post-secondary institutions, vocational colleges, and universities in Hong Kong. Nurturing the next generation of home-grown talent remains central to HATA's vision, and learning directly from our expert speakers will offer these future leaders' invaluable preparation for their upcoming careers.

With Deep Appreciation

On behalf of the Executive Committee, I extend our deepest gratitude to our host partners – the **Tourism Promotions Board (TPB) Philippines** – for their generous support in making this event a reality. We also extend our sincere thanks to the **Hong Kong Tourism Board (HKTB)**, our airline partners, and all our valued sponsors whose commitment and generosity have made this 50th milestone edition possible.

Thank you for your steadfast support of HATA over the past five decades. I wish you all an inspiring, productive, and truly memorable convention in Manila!

Warmest regards,

James Tung
Chairman
Hong Kong Association of Travel Agents (HATA)

50th HATA Annual Overseas Convention
Welcome Message from
Mr Kelvin Ko & Mr James Liang
Joint Convention Chairmen of
Hong Kong Association of Travel Agents

Dear Delegates to the 50th HATA Annual Overseas Convention in Manila.

On behalf of the Hong Kong Association of Travel Agents, and as Joint Chairmen for this year's Convention Committee, it is our privilege to welcome you all to Manila for our Association's annual signature event. Whether you have flown in from Hong Kong or joining us locally, thank you for all taking the time to be here with us.

Manila and various destinations in the Philippines have always been a great choice for our travellers, and we wish to thank our Filipino hosts and partners for the warmth and hospitality they have extended to our delegation, in particular the Tourism Promotion Board of the Philippines

This year's Convention theme, "AI Trends in Travel," could not be timelier. Just two years ago, AI in our industry meant a chatbot answering FAQs. Today, the conversation has moved decisively toward agentic AI — systems that don't just respond to questions, but can plan, compare, and even complete a booking on a travelers' behalf.as travel intent increasingly begins inside a generative chat window rather than a search engine.

Recent industry surveys show a majority of travel and hospitality leaders are already prioritizing generative AI and predictive analytics, with personalizing the guest experience as the leading use case, and many already reporting real cost savings from adoption. AI is quickly becoming the operating system of our industry — from dynamic pricing, to itinerary planning, to how a traveller decides where to go next.

This raises a question that none of us can avoid: what is our role when an AI agent can plan and book a trip in seconds? We believe the answer is not that we become obsolete — it is that our value shifts. Algorithms can suggest an itinerary; they cannot replace the trust, local judgement, and duty of care a good travel agent brings when things go wrong or when a client needs something deeply personal. Our task this afternoon is to explore, together, how to make AI our co-pilot, not our competitor.

During the Business Session we encourage delegates to come forward with feedbacks, raise questions to our distinguished speakers, and compare notes with peers. From recollection, some of the best ideas at every HATA Convention happens when delegates interact.

Meantime, our sincere thanks to our hosts here in Manila, our sponsors, our distinguished speakers, the hard-working Convention Committee and local suppliers. Let us make the most of this event, learning from one another and embracing the changes AI is bringing to our trade.

Thank you and enjoy the Convention.

HATA 50th ANNUAL OVERSEAS CONVENTION - MANILA
Convention & Extension Programme

Day 1 / 09 Oct - Morning arrival in Manila and transfer to the hotel - Afternoon at leisure - Hong Kong Night Dinner

Meet, greet and assist at NAIA International Airport per following flights.

Cathay Pacific CX901 / 09 OCT / HKG-MNL 0900 / 1120hrs
Cebu Pacific 5J273 / 09 OCT / HKG-MNL 0925 / 1150hrs

After arrival formalities transfer to the 5-star Fairmont Hotel for check-in.

The afternoon is at leisure to enjoy the fine facilities of the hotel (spa, gym, swimming pool etc.) or visit the nearby fashionable Greenbelt with a sprawling 2.8-hectare garden amidst a world-class shopping and dining paradise. Greenbelt seamlessly integrates the indoor experience with the outdoor in its expansive 12-hectare space offering remarkable retail, dining, and entertainment options in the proximity of the hotel.

Greenbelt

In the evening, join us for the **"Hong Kong Night"** dinner supported by the Hong Kong Tourism Board.

Day 2 / 10 Oct - Morning Business Session - Afternoon Best of Manila Excursion - Philippine Night Dinner

Breakfast at the hotel

Morning Business Session at the Ballroom of the Fairmont Hotel, followed by a buffet lunch at the hotel

This afternoon, **discover Manila**, the Philippines' capital city and premier gateway to the country.

Reliving the Past: Your tour begins with your drive down Roxas Boulevard by the fabled Manila Bay. Proceed to the Old Walled City and take a step back in time as you discover the charms of Old Manila. Continue to the old walled city of Intramuros, built during the Spanish colonial period. Your first stop is at **Fort Santiago**, one of the most significant historical sites in the Philippines, which served as headquarters of the military might of the Spanish, American and Japanese colonists until its destruction in 1945. The **Rizal Shrine** is located with historical exhibits and memorials. Proceed to **San Agustin Church**, the oldest structure in the Philippines, which dates back to 1571. A UNESCO World Heritage Site renowned for its Baroque architecture and beautifully preserved interiors. Visit **Distelleria Limtuaco Museum** - a small but interesting heritage museum in Intramuros, Manila, showcasing the history of Destilleria Limtuaco, which was established in 1852 and is regarded as the Philippines' oldest distillery.

Back to the Present: Return trip to the modern, financial, commercial and lifestyle district of Metro Manila, Makati, Then to the "NEW FACE OF MANILA" – **BGC (Bonifacio Global City)** or the FORT - Visit **Bonifacio High Street** (The most famous and iconic street in Bonifacio Global City (BGC). It is a 1-kilometer, open-air pedestrian boulevard that anchors the district's vibrant lifestyle, shopping, and dining scene).

Bonifacio High Street

Panoramic or rolling tour of Public Art Walk, Modern Philippine Architecture and Lifestyle districts.

In the evening, join us for the **"Philippine Night"** dinner hosted by the Tourism Promotion Board of the Philippines.

Day 3 / 11 Oct - Manila / Hong Kong

Breakfast at the hotel and at leisure for the 3-day/2-night convention delegates.

Transfer to the airport for flight departures to Hong Kong scheduled as follows:

Cathay Pacific CX 918 MNL / HKG 1740 / 2015hrs
Cebu Pacific 5J114 MNL / HKG 1750 / 2020hrs

3-Day / 2-Night Extension Programme in Manila at the 5-star Fairmont Hotel

Day 3 / 11 Oct - At Leisure

Breakfast at the hotel.

The day is at leisure to further explore this dynamic city.

Day 4 / 12 Oct - At Leisure

Breakfast at the hotel

Another full day to explore the vibrant metropolis, with shopping opportunities, spa options and international cuisine, or simply relax.

Day 5 / 13 Oct - Manila / Hong Kong

Breakfast at the hotel

At leisure until the transfer to Manila International Airport for return flight to Hong Kong by Cebu Pacific 5J114 MNL / HKG 1750 / 2020hrs.

Fort Santiago

San Agustin Church

The Honourable Stanley Ng

Undersecretary – Department of Tourism Philippines

Captain Stanley Ng was appointed the Undersecretary of the Department of Tourism (DOT) in June 2026. With his extensive experience from both the public and private sectors, he brings valuable expertise and leadership that will help strengthen DOT's programs, partnerships, and efforts to advance a more competitive, inclusive and sustainable Philippine tourism industry.

Prior to his appointment at the DOT, Captain Ng served as the President and Chief Operating Officer of Philippine Airlines.

He studied at De La Salle-College of Saint Benilde graduating with a BSBA Computer Applications degree, and completed executive education at Harvard Business School in 2021. He speaks a number of languages including Mandarin and Cantonese.

Professor Bela Stantic

School of Hotel and Tourism Management
The Hong Kong Polytechnic University

Professor Stantic is a Professor of Computer and Data Science. He is one of the pioneers of Big Data analytics and is internationally recognised in the fields of Artificial Intelligence and Big Data analytics. He successfully applied his research in an interdisciplinary manner, most prominently applying Big Data analytics to tourism and the environment.

Despite being a computer and data scientist, he had the most cited paper published in the last three years in the Journal of Travel Research. He has proven expertise in predictions and forecasting, which on multiple occasions made headlines worldwide. He was invited to give many keynotes and invited talks at highly-ranked international conferences and prestigious institutions.

He has published more than 200 peer-reviewed publications in journals and conferences, which in turn helped to attract competitive funding from different sources, and he was involved in the supervision of more than 25 PhD students. For his work and bold and correct predictions based on Big Data analysis, in the media, Professor Stantic was dubbed the “Nostradamus of the 21st century”.

Mr. Eric Mui

VP & General Manager, GCR, MENA & LATAM | SleekFlow

Eric is the VP, General Manager (GCR, MENA, LATAM) at SleekFlow and a seasoned SaaS sales leader. Prior to joining SleekFlow, he had supervised the APAC business development of the world's leading cloud-based SaaS. From improving SMB's shipping experiences to helping retailers to sell on social, he takes pride in his work to building a high-performing sales team and strives to create a work environment where people can flourish.

At SleekFlow, Eric leads commercial strategy and go-to-market execution across Greater China, the Middle East & North Africa, and Latin America - a role that reflects both his regional expertise and his passion for scaling revenue operations in high-growth markets. Under his leadership, the team has expanded SleekFlow's footprint as an AI-powered omnichannel platform that helps businesses turn conversations into conversions

Eric holds a Bachelor's Degree in Mechanical Engineering from the University of Nottingham, UK - a foundation that sharpened his analytical rigour and systems thinking, skills he brings to every commercial challenge he tackles. He is based in Hong Kong and is deeply embedded in the city's tech and startup ecosystem.

Event Coordinator & Presenter
Mr. Richard Willis

Executive Director
Tourism Management Consulting Limited

Mr. Willis has been engaged with the travel and tourism industries for more than 40 years in the Asia Pacific region. A recipient of the Key to Britain Award and World Travel Market Global Award, Mr. Willis has been associated and served in various capacities with a number travel industry associations (such as HATA, TIC, SIPA, PATA etc.) and tourism related organizations including the HKSAR Government's Tourism Strategy Group, Advisory Committee on the Cruise Industry and Vocational Training Council- Hotel, Catering and Tourism Training Board

He is the Executive Director of Tourism Management Consulting Ltd. - a company he established in September 2009 specializing in tourism developments, research and training. Clients include the Hong Kong Tourism Board, Bal du Moulin Rouge etc. An Honorary Fellow of the University of Central Lancashire, he is also a part-time lecturer on tourism studies.

With Our Compliments

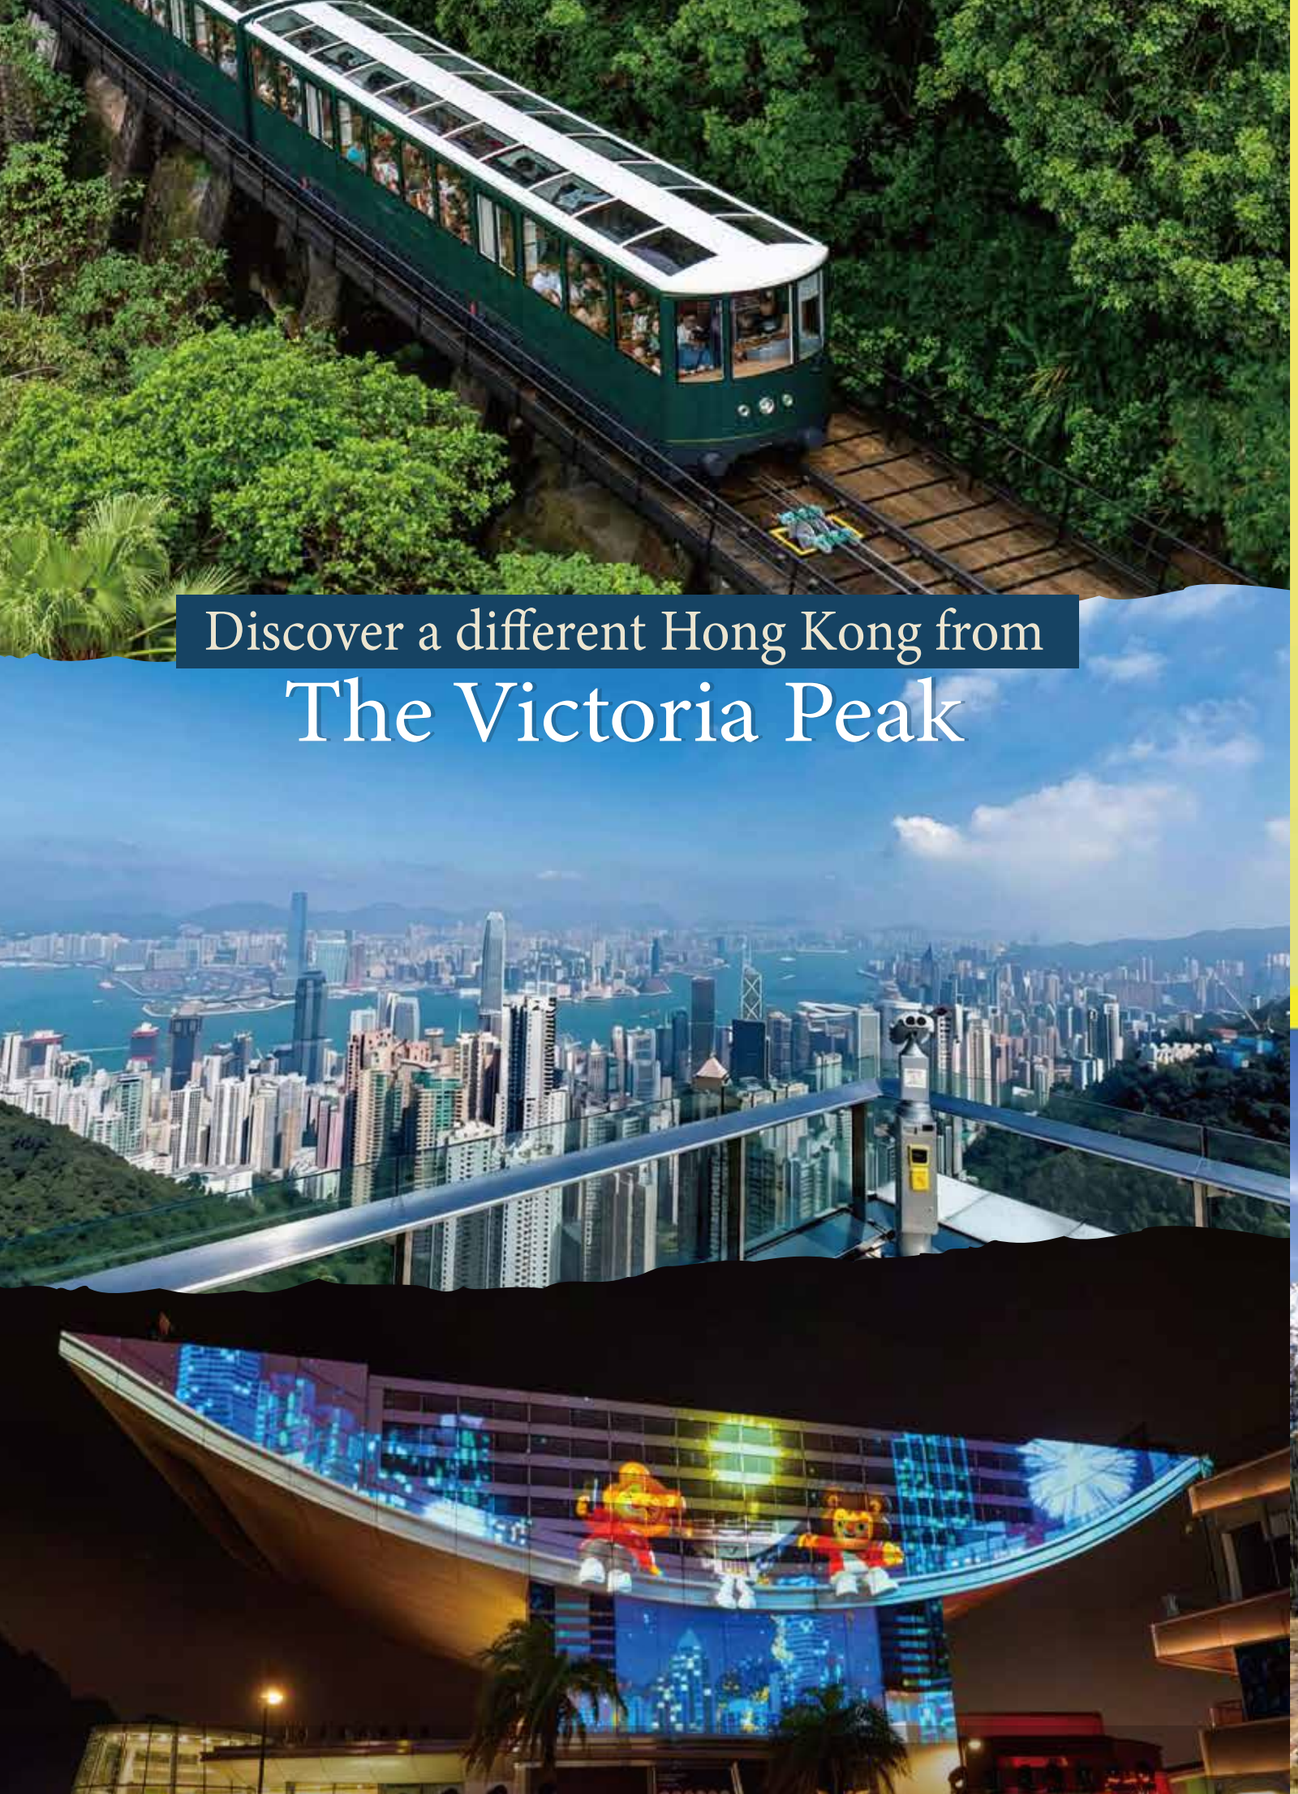

Our automated ticket fulfillment platform combines Global Fare Search, GDS and NDC integration, and auto-ticketing technology into a single solution. Supporting 70+ airlines, 10+ low-cost carriers, and 15 direct NDC connections, the platform continues to expand its airline network and content offerings.

Direct API connectivity enables agents to access airline inventory, pricing, and ancillary services in real time. The solution integrates seamlessly with existing ERP, CRM, and OTA systems, ensuring a smooth and scalable implementation.
